WEB DEVELOPER

About Me

I'm a passionate and detail-oriented web developer with experience in building dynamic, responsive, and user-friendly websites. I specialize in front-end and back-end technologies including ASP.NET, PHP, JavaScript, and WordPress. With a strong foundation in computer applications and hands-on project experience, I enjoy turning ideas into functional digital solutions that help businesses grow. Whether collaborating in a team or working independently, I'm dedicated to delivering clean, efficient code and high-quality results.
